

Simply Clever

Choose Clever Boats; the showstopper on the water

When a Clever tender arrives, all eyes are naturally drawn to this beauty. The distinctive, timeless design shows how tenders are setting a new standard: stylish, versatile boats that always make an impression.

With a Clever, you choose not only a boat but a unique experience. We offer a wide range of colors as standard, but for those who want that extra touch, there's the option to select a custom RAL color. Add to that our high-quality, perfectly tailored upholstery, and your Clever exudes luxury and class. When it comes to accessories, Clever leaves nothing to be desired. Personalize your boat down to the smallest detail, even the console of the Clever 73 can be fully customized to your personal style.

Every Clever is available with both fossil fuel engines and innovative electric drive options. Whatever option you choose, you'll always enjoy powerful and efficient cruising.

Step into the world of Clever and create your perfect tender at www.clever-boats.com

Make your dream a reality and set sail soon in your very own ultimate Clever!

CLEVER 73

The Clever 73 is the ultimate choice for both cruising and weekend getaways on the water. Its smart passageway from the swim platform to the cockpit ensures ultimate convenience – perfect for a seamless transition from water to boat. Add to that its spacious design and exceptional stability, and you’ve got everything you need.

In short, the Clever 73 delivers everything for an unforgettable experience on the water!

OPTIMAL OVERVIEW

Overview: As a captain, having all the necessary information at your fingertips is essential for safe navigation. She provides you with the option to fully customize the console, even featuring the name of your boat (a personal touch)

DIFFERENT & DISTINCTIVE

The Clever 73 stands out with its unique design & innovative features. Every detail is crafted to set this boat apart. A tender that not only meets your needs but exceeds expectations in style and functionality!

The Clever 73, with its ideal dimensions, is the perfect tender for multi-day cruising. Its smart design includes a highly practical toilet area that doubles as extra storage space – incredibly convenient!

Thanks to its generous width, the Clever 73 offers outstanding stability and directional control. With its maximum engine power, it's also perfectly suited for high-speed boating and waterskiing.

SPECIFICATIONS

Length	7,30 m	Nr. of people	12
Beam (width)	2,54 m	CE-certification	C-Coastal
Draft	0,60 m	Engine power	30 - 150 hp
Air Draft	1,25 m	Max. speed	70 km/u
Weight	1.100 kg		

CLEVER 63

The Clever 63 is a versatile tender measuring 6,30 meters, suitable for 8 people. With engine options ranging from 30 to 100 HP, the boat offers both relaxing and sporty boating experiences. The compact air draft of 1,15 meters and various color options make it a flexible and stylish choice for any water sports enthusiast.

DIRECT PASSAGEWAY

How nice is that! From the swim platform, you can easily walk into the cockpit while still having space left for a spacious sun deck. The Clever 63 is all about ultimate enjoyment!

THOUGHTFULLY ERGONOMIC

The design and space are perfectly suited for daily use on the water. In terms of space (for seating or lying down) and storage; we have taken everything into account.

The Clever 63 was launched in 2024 as an innovative design serving as the foundation for three distinctive Clever Boats. This model can be obtained for both fast and slow sailing due to its planing hull design. Additionally, with the engine positioned in the transom, you can choose between fossil fuel propulsion or fully electric.

At Clever Boats, enjoyment and quality are of the utmost importance!

SPECIFICATIONS

Length	6,30 m	Nr. of people	8
Beam (width)	2,44 m	CE-certification	C-Coastal
Draft	0,55 m	Engine power	30 - 100 hp
Air Draft	1,15 m	Max. speed	62 km/u
Weight	850 kg		

CLEVER 60

The Clever 60 is the shortest Clever with direct flow, but it definitely doesn't fall short compared to the larger 63 and 73 models. This version, in a fast-sailing configuration, truly flies over the water and cuts through the waves like a knife. It is also an eye-catcher precisely because of the direct flow from the swimming platform to the cockpit.

Truly practical and also very beautiful to look at!

SUPER MANAGEABLE

Small but fine, this 60. But beware; this tender is grand in its sailing characteristics. Delightful to handle, both on rivers and lakes. Even for longer trips, you can easily get by with this model!

SPACIOUS CLEVER 60

With its length of 6.06 meters and a width of 2.25 meters, she is very spacious. There is plenty of room in the cockpit, on the seat behind the steering wheel, or in the bunk... This Clever 60 has it all!

The Clever 60 is the latest addition to the Clever Boats line. It has a stable hull design which results in delightful sailing characteristics. It is beautifully sleek and modern, suitable for every water sports enthusiast. This versatile little boat is already great to sail with just 20 hp; if you want to go faster, it can glide over the water with 60 hp.

Fast, stable, and course-steady!

SPECIFICATIONS

Length	6,06 m	Nr. of people	8
Beam (width)	2,25 m	CE-certification	C-Coastal
Draft	0,55 m	Engine power	20 - 60 hp
Air Draft	1,05 m	Max. speed	42 km/u
Weight	800 kg		

CLEVER 59

The Clever 59, with its clinker hull and classic rigging, has the appearance that suits you. Due to the outboard motor being placed in the well, this provides significant sound reduction. The swim platform is ideal for a refreshing dive and also offers protection against the propeller of the engine.

An extremely comfortable sloop!

SPACIOUS & LOW AIR DRAFT

With the space, you are completely at ease in this sloop. The sun deck makes this area even more spacious. There's room for everyone. The low console provides much more freedom to go wherever you want to go!

SUNLOVER

With the spacious sun deck in the cockpit and on the well, you can enjoy relaxing on this sloop. Naturally, it's equipped with diamond cushions for even more comfort.

The Clever 59 is a beautifully shaped sloop with a classic appearance. The 59 is a multifunctional tender sloop; perfect for anchoring in the sun or taking longer trips through fantastic cities. It is available in beautiful color combinations with matching upholstery, of course featuring the classic block pattern.

SPECIFICATIONS

Length	5,80 m	Nr. of people	8
Beam (width)	2,30 m	CE-certification	D
Draft	0,40 m	Engine power	10 - 30 hp
Air Draft	0,95 m	Max. speed	19 km/u
Weight	660 kg		

CLEVER 58

A pointed bow, classic lines, and a railing; that makes this Clever 58 a true sloop! A delightful boat to cruise on a sun-drenched day, through beautiful rivers with calm waters, or just lounging at anchor all day on the sun deck in the cockpit or in the cabin.

It's all possible with this Clever 58!

EXTENDED COCKPIT

A closed console characterizes this Clever 58. Your own 'captain seat' where the controls and accessories are within easy reach. It has more than enough storage space.

SPACIOUS

For a sloop of this size, there is a very large sun deck on the back. Thereunder the engine is placed; this way, there is less noise and it is aesthetically pleasing!

The Clever 58 is a clinker-built pointed bow sloop with a classic appearance. It has a shallow underwater hull and a very small draft, making it easy to navigate even small rivers. It is available in beautiful color combinations with matching upholstery, of course featuring the classic block pattern.

SPECIFICATIONS

Lenght	5,65 m	Nr. of people	6
Beam (width)	2,30 m	CE-certification	D
Draft	0,40 m	Engine power	10 - 30 hp
Air Draft	0,85 m	Max. speed	15 km/u
Weight	650 kg		

CLEVER 56

The overnape construction indicates that this Clever 56 is derived from an old wooden fishing boat. We are indeed talking about a very fast 'fishing boat'... with speeds exceeding 50 km/h, it sails fast, very fast. As a result, water skiing, for example, is one of the possibilities.

In short, a true family boat! Or simply for fishing...

EVERYTHING IS CLEAR

The skipper is in charge in this Clever 56. Everything is within reach to maintain maximum control while speeding. Or simply to sit back and relax when things are a bit calmer.

COMFORT +

The multifunctional cabinet can accommodate a refrigerator, a water fountain/sink, or a pull-out garbage bin.

You can decide for yourself.

The largest Clever with the outboard motor mounted on the boat, making it easy to trim the motor, especially with electric trim. Ideal for, for example, small ditches with low water. A bun plate with bun cushions can be installed on this Clever.

SPECIFICATIONS

Length	5,40 m	nr. of persons	6
Beam (width)	2,15 m	CE-certification	D
Draft	0,40 m	Engine power	10 - 50 hp
Air Draft	0,90 m	Max. speed	> 50 km/u
Weight	600 kg		

Lorem ipsum

CLEVER 52

This is the Clever 52, a nice wide sloop for about 6 to 8 people. The sturdy construction of this boat is evident from the fact that many rental companies use the Clever. This sloop can certainly withstand a few bumps!

The layout is simple and spacious, providing optimal space for you and your guests.

SUNBATHING OR HAVING LUNCH?

The spacious seating area, where you can comfortably sit with 6 people, is ideal for enjoying a meal. Or you can relax on the sun deck, perfect for lounging. There's something for everyone!

SLIM CONSOLE

The slim console provides the captain with optimal legroom, allowing for some stretching during long trips.

That's the Clever 52, of course!

This Clever measures just over 5 meters, making it ideal for situations like a boat at home, where the width of the dock is not spacious enough for a larger boat, or where the waterways are too narrow to navigate with a bigger vessel. With a draft of 40 centimeters, you can truly access almost any location.

SPECIFICATIONS

Length	5,05 m	Nr. of persons	6
Beam (width)	2,15 m	CE-certification	C-Coastal
Draft	0,40 m	Engine power	10 - 30 hp
Air Draft	0,90 m	Max. speed	35 km/u
Weight	550 kg		

Lorem ipsum

CLEVER 49

A beautiful and comfortable sloop with space for the whole family. Of course, it is equipped with a deluxe cushion set featuring a diamond pattern and comfortable backrests for the long journeys you can take with this sloop.

You can also easily enjoy the sun on the sun deck.

CENTRAL POSITION

With ease, another person can sit beside the skipper to enjoy the surroundings together. There is enough space to place a glass down.

CLOSED CONSOLE

The closed console of this Clever provides ample space for storing various items. On the top side, there is room available, and there is a lockable cabinet for when you go ashore for a while.

You can immediately notice that this boat is very stable in the water. Even when sailing with others, it's nice that the boat doesn't tip easily when someone stands up or shifts their position. It is a pleasant, easy-to-handle boat that combines a calm sailing behavior with a modern, compact exterior.

SPACIFICATIONS

Length	4,75 m	Nr. of people	6
Beam (width)	1,90 m	CE-certification	C-Coastal
Draft	0,40 m	Engine power	10 - 30 hp
Air Draft	0,95 m	Max. speed	35 km/u
Weight	500 kg		

Lorem ipsum

CLEVER 48

This is the smallest offspring in the Clever family. A real boat for people who really enjoy sailing but don't have a flourishing money tree in the garden. It is very easy to trailer; this way you can sail this Clever 48 anywhere there is a ramp to launch the boat into the water.

You may say it...

SMALL BUT GRAND

Six people, sitting or (if the sun deck is installed) lying down, there is more than enough space; that's the beauty of this small yet grand boat.

Where are you going to sail?

ENOUGH = ENOUGH

The console is minimal and therefore takes up almost no space. A tachometer, a radio and a throttle; that's all you need, right?

At 4,55 meters, the smallest of the Clever Boats. But equipped with all conveniences. With luxurious diamond cushions, a matching cockpit cover, and an electrically started outboard motor, you can sail wherever you want.

SPECIFICATIONS

Length	4,78 m	Nr. of people	6
Beam (width)	1,95 m	CE-certification	D
Draft	0,40 m	Engine power	8 - 30 hp
Air Draft	0,90 m	Max. speed	35 km/u
Weight	500 kg
